A brief note on the format of the: Sections/Sessions of the Meetings and Information Gathering Chronological Order of Information Taken from Meetings with Aliens, Minutes and Transcripts The Three Dots

---

The **three dots(…)** you will find while reading the book were intentional. I used them when I am not in liberty or comfortable to reveal a name, or the identity of a person.

Many readers might conclude that there is no logical continuity or proper sequences, or even a systematic order in my listings of notes, briefings and items taken from the Aliens Transcripts, as they are herewith published in the book.

The explanation is very simple:
I am not writing here a love story, so chapters and paragraphs are logically linked to each order, and one event leads to another.
I know Corneille and Racine (Masters of the French Classic Plays) would have objected severely.
What are you reading are excerpts/representation of some of the most important ideas, topics and notes, and/or items I can freely talk about – to a certain degree.
They were taken from various meetings which to start with, were not scheduled, coordinated and conducted in a systematic fashion or according to a chronological system.
I might jump from one item to another, totally unrelated and far distant in time and context.
Continuity in listing the items becomes irrelevant.

Again, I am not grouping the items by topics, rather by what I could put my hands on. Reorganize them -if you wish- in your mind. I am not here working with a doctoral student on his dissertation.
Thank you very much!!

Chapter 6

Mind-blowing information received from the aliens

_____

Excerpts on vital information and instructions we received from the Grays (Greys), aliens and extraterrestrials since 1947.
Some are verbatim, and few are herewith produced with minor editing and revision based upon compared notes and translation by military scientists, civilian linguists, and personnel who operated the aliens communication devices.
Additional material and commentaries pertaining to the aliens information and instructions are provided in various chapters of the book.

Our governments have extensive files on the alien; the files, dossiers and vaults encompass every single thought, concept, theory and assumption on all aspects and facets of humanity, our origin, our history, how religions were created, how the concept of God was invented, the future of the human race, futuristic science, you name it.
The importance of ufology should not rotate exclusively around UFOs and exotic spacecrafts (Aliens or man-made); there are much more important subjects we should learn about, and focus our attention upon, such as our origin, the veracity of recorded history, and major (forgotten or missed) events in the history of humanity and planet Earth we are not aware of, our future/destiny, the influence and impact of galactic (aliens and extraterrestrials) civilizations on our culture, social systems, beliefs, our future and Earth's fate.

Fortunately, a great deal of information on these subjects were provided by aliens and extraterrestrials we have met with on numerous occasions.
Herewith are some mind-blowing excerpts from transcripts that have recorded the information and knowledge we got from

them.

On the universe and multiple dimensions: The universe was created from within; an implosion on the inside and collisions of bubbles on the outside.

- There are multiple dimensions beyond our physical world. And within each layer of dimension, there is a multitude of other forms of dimensions.
- There are multiple dimensions in the universe, such as: a- Parallel dimension, b- Ultra dimension, c- Adjacent zone, d- Etheric zone, e- Future’s dimension, f- Plasmic zone, g- Time dimension, h-And there are 12 interconnected dimensions that are constantly expanding. These zones and dimensions vary from one galaxy to another.
- Black holes as well as white holes contain dark energy, white energy, dark matter, and neutral matter, gravity and anti-gravity, and time-space memory.
- The universe-space has its own memory. It transcends space itself and time.
- There are 224 planets that sustain life as we know it.
- The universe bends on itself.
- Dark matter is what keeps the universe in place and in order, and contributes to its expansion.
- The shortest distance between A and B is not a straight line, but a bent trajectory between two dots on a parallel plane.
- Each galaxy contains millions of time-space trajectories.
- In some dimensions, future does not exist, and in some other dimensions, the past is not created yet.
- Our universe is one of many in the 'multiverse'. And the multiuniverse bends on itself and bumps into its multi-layers, thus constantly creating more universes, including galaxies, and black holes. This item was mentioned twice in the Aliens Transcript and had 2 separate footnotes.
- Einstein's general theory of relativity is not totally correct. It is only applicable to space-zones regulated by light and

motion in one direction.

- The universe expands in multiple directions, through the “dark energy flow”. And if the universe ceases to exist, copies of the extinct universe will re-animate a new beginning that will explode into billions of new universes.
- At one point in the universe, some galaxies were flat. And in the dark space of these galaxies, other time-spaces universes are constantly created.
- Parallel universes although they are not visible to us have major effect on our psyche and eventually the future and fate of the human race.
- Other universes leak their gravity into our world through the dilatation of “Time-Orbits” (Ba’abs). This gravity has time-space memory.
- The big bang theory is incorrect.
- The universe was created from an implosion originally rooted into the vacuum of nothingness, without time, space, past, and beginning. It exploded in the state of nothingness, thus it has no beginning and no end. Implosion and collision of bubbles created billions of stars and planets. This item was mentioned before and noted twice in the Aliens Transcripts, with a minor variation.
- We can enter a meta space-time zone, and observe what it is going to happen to planet Earth, millions of years in the future, because that zone is the original picture-dimension-existence of Earth. That zone in the future is the primordial existence of planet Earth. It is the same all over the universe. Each zone is a duplicate of another; this is how the Grays explained the infinity and ever-lasting expansion of the universe.
- There are copies of each one of us in other dimensions.
- On other planets, in our galaxy and beyond, and particularly in multi-dimensional zones or time-space zones, past, present and future concurrently exist on the same plane. This multi-co-existences allow other species to navigate time, back and forth in no-time.
- Planet Earth will cease to exist in 5 billion years, along with our solar system.

- There are several Ba’abs (Stargates) around planet Earth. These are the gates to parallel universes. New York and Chicago have several Ba’abs.

*** *** ***

On the Moon: There are “artificial” settlements and tunnels inside the Moon.

- Many regions inside the Moon are filled with life-forms.
- The Grays told the military how to get to the Moon in minutes, using “Route Orbital X”, as called in the Aliens Transcripts. This route is accessible once every 25 years from Earth, and 7 years from Mars, unless they use the Ba’ab. There are several Ba’abs around planet Earth. These are the gates to parallel universes. Although there is no wind on the Moon, it could be created from dark energy and channeled to the Moon.
- At one time, the Anunnaki had settlements on the Moon and Mars. The Anunnaki built stations on the Moon and Mars before they landed on Earth.
- The Moon will cease to exist in 5 billion years, along with Earth.

On our planet, Earth’s monuments and primordial civilizations: Earth axe shifted 4 times before.

- At the very beginning, Earth had the shape of an egg. It was never totally round.
- Planet Earth will cease to exist in 5 billion years, along with the Moon.
- The Grays saved planet Earth from annihilation when they redirect the trajectory of a huge celestial body heading toward Earth. This happened already twice.
- Meteors or other celestial bodies did not kill the dinosaurs. It never happened.
- The Pyramids are 10,900-11,000 year old. And were not built by the Egyptians or any human race. The stones were

teleported.

- The Anunnaki created the Euphrates and Tiger Rivers. And for a long time could not control their flow. This led to periodic floods; one of them is the great regional deluge in the Middle East.
- Civilization was not created by the Mesopotamians. It was exported to their lands by the Anatolians (Plateau of Turkey), and the early inhabitants of Phoenicia, at a time this land had no name. Later on it was called Leebaan, which means snow-white. Civilization did not start in Mesopotamia, but first in Anatolia (Part Turkey, part ancient Armenia), continued in Phoenicia, and later on bloomed in Mesopotamia. Turkey and the Anatolian Plateau gave birth to the first form of civilization on Earth.
- Very advanced communities live underwater and inside the Earth. They know who we are, what we do, and how long we have been living on the surface of the Earth. Some emerged in the past to teach early humans the art of speaking, writing and fishing.
- Earth is the dumpster of the universe, home of the lowest human-life forms.

On human earliest species and our origin: At the dawn of humanity, several human species had long tail.

- An archaic human-reptilian race lived on planet Earth.
- The modern human beings were genetically created by the Anunnaki.
- The Anunnaki created us as humanoid-robots to serve their needs. We were “re-transformed” into humans following years of genetic manipulations.
- Only a genetic manipulation of DNA sequences created the modern physiognomy of the human race, and stayed the very same for the past 11,000 years. The early form of humans was created some 65,000 years ago.
- Neither the theory of Evolution nor the theory of the Creation is correct.

- The human race is not important to aliens.
- The Anunnaki, Igigi, and Lyrans created and upgraded several models/specimens, prototypes and species of early quasi human and human beings.

The following refers to these species:
• Ilda
• Izraelim
• Lilith, Adam, and Eve.
• Adama
• Adamu
• Adapa
• Akama-r
• Akamu “Akama”
• Alu
• Bashar
• The Space-made human creatures
• The oceans-made human creatures
• Behemoth

• Ezakarfalki “E-zakar-falki”
• Ezbahaiim-erdi
• Ezeridim
• Ezrai-il “Izra’il”
• Anafar Jin Markah
• Fari-narif “Fari-Hanif”
• Gaffarim • Negative entities, reptilians, and intelligent life-forms which live in the lower sphere/zone (Alternate dimension), and on Earth.
Anthropologists who attended the earliest meetings with aliens established an elaborate chart on this category.

The Anunnaki Ulema chart referred to: • Galas
• Ghool “Ghul”
• Hay-yah
• Helama-Gooliim • Djinn, Jinn. A famous scientist, and a university professor who worked on two major space expeditions, and closely interacted with astronauts provided his

expertise on the subject of Djinn, considering the fact, that he came from a country, where an extensive literature, and an abundance of lore, myths, beliefs and stories materials on the subject were accessible to him.

- Hawwah

Note: I wrote about this topic in my book “The Grays, Alien Abduction and Genetic Creation of Humans Hybrids Race”.
Ironically or coincidentally, this classification of early humans and quasi-humans was already available to us in the scrolls and Kira’ats of the Anunnaki Ulema, and I have included it in the aforesaid book, and talked about it on the air in one of the episodes of my Internet radio show “Maximillien de Lafayette show” on www.blogtalkradio.com

Recreation of full-size specimens of early human and quasi-human species

Military scientists and models makers attempted to forensically recreate full-size specimens of early human and quasi-human races/species based upon direct instructions and anatomical descriptions given by the intraterrestrials.

First, they contacted the curator of a famous institution-museum in Washington, D.C.; the curator candidly told them that it couldn't be done.

He suggested that they contact a noted Hollywood's director-producer known for using fantastic special effects and robotics. The Hollywood's man recommended a few artists who work at Walt Disney's studio. The people at Disney began to work on the project, which in its second phase ended in the laboratory/atelier of one of the major universities in Israel.

Anti-Semite whistleblowers and snitches complained, and rushed to conclude that it was a Jewish conspiracy!

It is absolutely ridiculous!

Finally, after 4 years of creative and pioneering work, some archaic humans and quasi-human forms (Mannequins) came to life, and an extensive cataloging process began. I hope, I do really hope that one day the whole world will have access to these marvels. It is not going to be a pretty picture, but enlightening and educational, to say the least.

According to the intraterrestrials' accounts, some of the early humans, more correctly quasi-humans had a long tail, and co-habited with other reptilian races and Afrits in a large area in ancient Turkey.

Some were captured by travelers from outer space, such as the Anunnaki and Igigi. It was very clear from the Grays' narrative description of the Anunnaki and their genetic programs, that they hated the Anunnaki and their offspring. This subject was not an interesting topic to military, but the anthropologists who were present at the early meetings, convinced the military that such information is priceless, because it could explain the origin of Man, and our place in the universe.

So, the subject was kept wide open, and many questions were asked. At one point during the discussion, the Grays told us that

a visit to Cappadocia in Turkey could be very useful, informative and convincing.
They also suggested to the military to visit Derinkuyu and Gobekli Tepe. The generals were not impressed.
It took the military almost sixty years to show a serious interest in anthropology and the ancient history of humanity; military archeological excavations and diggings began during the United States invasion of Iraq.

Uncovered cuneiform writings on cylinder seals and slabs were sent to scholars and linguists in the United States to decipher them, translate them, and find out if they could shed valuable information that could be used militarily!!
More on the subject in my book “Transcripts of our Governments-Aliens/Extraterrestrials Meetings in 1948-49”.

On the human mind and soul:

- It is the vibrational projection of the cells in the human brain that lasts after death and is retransformed into another form of energy, not what we call the “Soul”. Because soul as we think we know it does not exist; it is an idea created by early human beings for reasons not worthy discussing.
- The Anunnaki Ulema said the very same thing. There is no soul trapped in the human body. This idea was created by the cave man even though he did not understand what soul is. It was his way to communicate with the “Divine” and the supernatural.
- Humans have more than one brain in one location, although it is invisible to the naked eye. And the Enlightened Ones have a totally separate Mental Faculty (Mind, Fikr) in their “Conduit”.

On UFOs:

Note: The words UFOs were never used in the meetings with aliens and extraterrestrials and the Aliens Transcripts. The words “Disc”, and sometimes “Disk” were used instead.

UFO engines:
Some UFOs reactors (engines) use water as fuel, and no scientist on Earth could understand how these reactors function. The reactors were very small, impeccably clean, and without any “trace of combustion.”

Metal memory:
Aliens’ spacecrafts are made from several components; the most important one is “Metal Memory”.

*** *** ***

On UFOs and Time:
Since time is not linear, aliens can travel “Jump” into the future, and revisit the past simultaneously.
Intraterrestrials (The Grays) and extraterrestrials don’t need special spacecrafts to do that.

4 UFOs crashes:
There is a total of 4 UFOs crashes on record; three in the United States, and one in Mexico. Two aliens who survived the crash were retained by the government.
The others were found dead, assumingly on impact.
From the two surviving aliens, one died after a few months; the other remained in U.S. custody for 6 months.

On the Grays “Greys”

_____

The Grays concerns about our underground nuclear testings:

In 1992, the Grays met twice with civilian delegates, scientists and military men (Two Generals and one Lt. Colonel), in Arizona and Alaska. And they reached a final agreement, and a total/complete understanding that all underground testings should cease immediately.

As a result, the United States stopped undergound nuclear testings in 1992. Other leading countries followed suit. England’s last nuclear testing occurred in 1991, Russia in 1990. France and China had a surprise-visit from the Grays in 1996. And before the end of 1996, both France and China abandonned their nuclear testings. In 1998, Pakistan and India were confronted by angry Grays, when both country detonnated their atomic bombs in the same year. And finally, the Pakistani and Indians got the message of the Grays.

On the Grays rewinding time and confusing abductees:

From an anthropologist and a military scientist: The Grays purposely rewind time, past and future, to convince their abductees of their powers and intent to create a better world.

They Grays have no sense of time. However, they can clearly differentiate between past events and future events. They do not follow any chonological order or time-frame sequences when they project holographic images. Are they deliberately confusing their abductees? I don’t think so.

Quite often, abductees are confused by the variety and speed of images they see on a holographic screen. It is not always the message, but the intent of the Grays that confuses them.

My personal opinion: It is not in the best interest of the Grays to confuse the abductees. The Grays have no intent to confuse the

abductees, simply because, the abductees were already confused by the whole experience. Anybody would be confused, if he/she has been subjected to such an extraordinary event.
The confusion usually begins, as soon as the apparition of aliens occurs; long before, the Grays lift up, levitate, and abduct people. Most certainly, more confusions will follow up, when: a-The abductees enter a spaceship out of this world, b-The abductees are shown holographic images and footages; c-Are directed to an operating room, d-The aliens place them on a surgical bed, e-The abductees see strange aliens operating on them; f-The aliens show them the “Little Black Box”.
 g-Etc., etc.
All these sequences, events, and related phases of the abduction confuse the abductees. It is not exclusively the message or the speech of the aliens that confuse the abductees, but the whole process.

Time-space memory calendar: The Grays have a time-space memory calendar that records all the events that occurred on Earth.
The Anunnaki use the “Miraya” as a device to view past, present and future events.

Saving Earth:
The Grays saved planet Earth from annihilation when they redirect the trajectory of a huge celestial body heading toward Earth. This happened already twice.

Anunnaki attack on the Grays:
The Anunnaki attacked the intraterrestrials (The Grays) in Sodom and Gomorrah.

According to Anunnaki Ulema Sorenztein, the Anunnaki dropped nuclear bombs on the two cities, and the sands turned into sheets and rocks of glass, caused by an enormous heat from the explosion.

A gray in the custody of the military: The Grays were not happy about the military's holding in custody one of their pilots; the one we captured, after their spacecraft crashed near Roswell. The Grays asked the military to retrieve the dead bodies of three of their own who died after their spacecraft crashed near Roswell. Unfortunately it was too late, because the corpses were sent to a military base, and ended on the autopsy tables at Walter Reed Hospital in Maryland, USA.

Altercations incidents between the Grays, the military, and scientists: In the Aliens Transcripts, a reference was made to altercation incidents between the military, civilian workers (Scientists, contractors, men and women) and the aliens, at underground secret bases.

A significant altercation occurred between the military and the aliens at the…laboratory. A special armed forces unit was called in to free a number of military personnel and scientists "trapped in the facility who had become aware of what was really going on."

66 soldiers were killed in the effort, and the scientists were not freed. An agreement has been reached between the military and aliens who co-shared a secret military base, giving the aliens absolute freedom in conducting their own business in the base.

The soldiers and scientists were restricted from interfering in any activity and the…operations conducted by the alien Greys.

In addition, it was agreed upon by both parties, that the soldiers shall not bear arms in the areas under the direct control of the aliens. For some reasons, source said, "armed men entered two aliens' compartments carrying sophisticated weapons and laser-beam guns. A clash between the aliens and the military men led to several fatalities. None of the alien Greys was killed."

By 1983, the military learned about the aliens' agenda, and the full scale of their extensive abduction operations all over the country. Following the clash, members of the Committee... met at a country club to discuss the whole story and how to deal with the aliens.
The Country Club is a remote lodge with a private golf course, comfortable sleeping and working quarters and its own private airstrip.
Some members of...who were in the military, wanted to confess the whole scheme and go public, beg for forgiveness and ask for public support.
The other part (and majority) of the Committee... argued that there was no way they could do that - that the situation was untenable and there was no need in exciting the public with the "horrible truth", and that the best plan was to continue the development of a weapon or plan of containment that could be used against the aliens under the guise of "SDI", the so-called Strategic Defense Initiative which had nothing whatsoever to do with a defense for inbound Russian nuclear missiles.

Dr. Edward Teller, father of the H-bomb, was seen in the nuclear test tunnels of... One insider has claimed that "Teller was driving his workers and associates like a possessed man; and well he should be, for Dr. Teller is a member of the... along with Dr. ..., and Admiral..."
Security guards who worked at the... ... base were regularly transferred to other units, their names and serial numbers altered.

On the shipped aliens' dead bodies: The dead bodies of the aliens recovered from the UFO crash near Roswell were not shipped to Washington in wooden boxes filled with dry-ice, but in heavy and thick glass container filled with chemicals and containing a blue liquid. The glass container was placed inside a large wooden box.
It went directly to Walter Reed, and not to a military base in Roswell or anywhere else, and for sure, the box containing the

bodies of dead aliens was not stored in a military hangar in Roswell or at any other military base/facility.
Clear and firm orders came from Washington to ship the "Container" right away to Walter Reed.

The Grays and the BL-rm3: BL-rm3 is an acronym for "Blue Room Manifesto, Level 3", never used by ufologists, and/or mentioned in ufology's jargon. Many link the "Blue Room" to Wright-Patterson Air Force Base. It is not totally correct.
Simply put, the manifesto is a list/compilation of alleged aliens' artifacts, UFOs' wreckages, and reports on autopsy of dead aliens' bodies, so on.

Many ufologists believe that the Blue Room is the final resting place of four alien bodies. They are mistaken!
Wright-Patterson Air Force Base has long been connected to recovered UFOs, extraterrestrial debris, logs on extraterrestrial language' code, and the "storage" of dead aliens' bodies. Its Hangar 18 has been said to store the wreckage of three UFO crashes, while the "Blue Room" is believed to be the final resting place of four alien bodies. This is the first half part of its macabre enigma. The second part is its mysterious name: Blue Room!
As expected, many ufologists jumped to several conclusions which did not make sense. Some have claimed it is called blue, because the walls of the room were painted blue. Others have suggested that "blue" means nothing in particular; at one time, and especially after the Second World War, all the interiors of military hangars, especially repair-shops were either painted blue or gray. But the truth is more colorful than blue, gray, or any other color!
A retired Lt. Colonel has leaked to close friends (Outside the military) that originally the Blue Room was not called Blue Room. In fact, it was "called nothing, at all."
He added that the room was a "small area in a huge hangar used to store military materiel. Everything changed with the

arrival of bags and wooden boxes allegedly containing wreckages of an extraterrestrial spacecraft.”
A retired sergeant completed the rest of the story; he said, “Bags and bags start to arrive to the Base.
Some were small and some were large, but all were black bags, you can call them body bags if you want. We had piles of them. They took a large area of the hangar. The first night, we piled them on the top of each other at one corner of the hangar.
Sometime after 3:00 am, two civilians, one colonel and one captain arrive to the hangar and started to sort out something. They were looking for something but we did not know what they were looking for. Around 7:00 am, more bags arrived, they were blue bags, I think they were 4 or 5 of them, I don’t remember.
For some reasons, more civilians arrived and were very concerned with these blue bags.
They put a tag on each one of them, and took all the bags to another area right below the hangar.
The men start to talk about these blue bags, and before you know it, everybody on the base starts to talk about the blue bags. Why these bags were special?

At the beginning nobody knew.
The next day, we start to hear things, you know, things like alien crafts, alien bodies, stuff like that. I think because the blue bags were taken below, down you know, where we had iceboxes, and nobody, I mean nobody could get there, the boys start to call the room Blue Room. Yah, they called it blue room because it had the blue bags, that’s all…”

According to one person who allegedly worked on a top secret alien reverse-engineering program, the storage area was called “Blue Room” because of the “many tubes and glass containers, military doctors brought to the storage room.
The containers had some sort of a blue liquid. And they brought lots of them.”
According to one source, “the blue bags were removed to another area, not Hangar 18, but to an underground bunker consisting of three levels. Level three was called the “Blue

Room". Later on, level three became an "Operation Room"; a medical operation room."
Note: Worth mentioning here, that story one, story two and other allegations surrounding the blue bags and blue room were never substantiated.

On the crashed UFOs and aliens (Grays) abduction:
4 UFOs crashes on record:
There is a total of 4 UFOs crashes on record; three in the United States, and one in Mexico. Two aliens who survived the crash were retained by the government. The others were found dead, assumingly on impact. From the two surviving aliens, one died after a few months; the other remained in U.S. custody for 6 months. (This item was mentioned before.)
Human bodies' parts were found inside an alien spacecraft: In the early fifties, a UFO crashed in Mexico, and human bodies' parts were found inside the craft. When the military confronted the Grays, they were shocked to hear the Grays telling them that the UFO was not one of theirs.
Furthermore, they explained to the military that not all UFOs come from the same origin. They pointed out that the crescent-shape UFOs were piloted by another race which from time to time enters our space. And there is nothing we can do about it. When a general asked if they (Grays) could do something about it, the aliens said NO, because those spacecrafts are in fact time machines, difficult to spot, pursue and chase.
In the Aliens Transcripts, this incident was revisited twice, and marked in 3 footnotes.
Many years later, when another intelligence/security agency was created, the incident was brought up, and dissected piece by piece. It was concluded that in fact, the Grays were no part of it, and the bodies' parts were those of native Mexicans from the Aztec's region, not Americans.
For a while they rested their case.

However, three years later, upon the request of a retired general who became a very influential politician/lawmaker, the case was reopened and re-examined.
The conclusions were horrifying, and I am not in liberty to reveal any information about the investigation.

But bear in mind, and never forget this: The United States Air Force, the CIA and the other intelligence agency were not aware of what the aliens were doing at that time. It was only in mid 1960, they became fully aware of what was going on, and consequently, they adopted a new policy and protocol in dealing with aliens. And this was done against all odds, and by taking huge risks, for aliens are millions of years a head of us on all levels, especially technology, science and warfare.
Some sort of agreement was discussed to prevent further atrocities.
And to a great degree, it was successful. And the Transcripts show that the UFO's crash in Mexico was totally unrelated to other alleged or assumed UFOs' crashes in the United States, for they were piloted by a different alien race.
This crash was never mentioned in Grudge, the Blue Book, the Condon Report, or in any official report on UFOs.

Bear in mind that very sensitive situations/cases, embarrassing sightings, possible UFOs' crashes and/or landings with "military implications", and confrontations with non-human entities (Aliens of any classification) were never mentioned in any official report on UFOs, and were never brought to the attention of civilian scientists (Astronomers and astrophysicists) who were hired by the government, by order from the "Big Boss".

Chapter 6

On Religion and God _____

Excerpts from the Aliens Transcripts of our meetings with extraterrestrials and intraterrestrials in 1947 and 1948.

Note: Alien's answers were displayed on the "Speaking Voice", a communication device the alien gave us to facilitate our dialogue with them.
Although the device had the possibility to translate almost 90% of what the aliens told us, a large part of the translation and interpretation was not adequately transmitted to us during the meetings.
The aliens used their Cellular Motor (Brain) to transmit their thoughts, and military scientists and linguists interpreted the messages to the best of their ability.
Consequently a major part of the aliens' thoughts and messages was lost in the translation and interpretation.

Each Universe has its own god.

Question: Do you believe in God?
Alien: Which one?

Question: Our God!
Alien: Each Universe has its own god, which is the "Highest Essence". God was invented by the early human beings. I have already answered this question so many times. You are wasting your time. And your intentions are very clear to me. No, I will not contradict myself. I remember everything I have said in the past.

Question: Do you believe in hell?
Alien: No.

Question: Do you believe in heaven?
The Christian Paradise?
Alien: No.

Question: Do you believe in the final judgment?
Alien: It happens every day.

Question: What do you mean?
Alien: It happens as you speak. You are your own final judgment.

Question: Do you believe in reincarnation?
Alien: No.

Question: Do you believe in the immortality of the soul?
Alien: Soul, the human soul your kind believes in is produced by a cell in your brain; a cell you did not discover yet.

*** *** ***

Note:
Statement of modern scientists: Soul is not a spiritual substance. It is a by-product of the Mind; a neuronal process of the Mind, produced by a cell in the Brain.

For many decades I wrote about the concept of the Soul and its mechanism, based upon the Kira'at of the Anunnaki Ulema.
And I tried to explain how the concept of Soul was created by the caveman and our ancestors.
Later on in history, the idea of Soul was conveniently exploited and used by priests of antiquity (And modern times as well) to serve their interests; this idea was an effective tool they used to their advantage, to dominate the illiterate masses, and to scare the hell out of us. Especially, when priests attach Soul to a final judgment and an eternal punishment in a burning hell.
Outrageously they claim that all those who do not follow the teaching of the Church and do not obey its bishops, their Souls will suffer for ever in a burning hell.

How convenient and easy it is to use, to manipulate, and to scare the masses and the feeble minds with “Soul Punishment” and “suffering in an eternal hell’s fire!!”

Without hesitation and fear, I publicly stated that the Soul as we think we know it does not exist. Instead, there is a primordial energy of motion and thoughts, including feelings and reactions, produced and emanated by a miniscule cell in our brain, yet to be discovered by science. The Ulema call Soul “Conduit”. The aliens who are millions of years ahead of us call soul “A brain’s cell responsible for everything and anything that happens in our body and mind, separately and/or concurrently.”
In the United States, around 2010, a group of highly advanced scientists in numerous areas defined the soul as a neuronal process of the Mind, produced by a cell in the Brain.

And I was delighted to watch on the Science Channel (June 2011) in the United States, two eminent scientists talking about the brain’s cell where our so-called Soul is stored.
They made it very clear to their audience that Soul as a spiritual substance does NOT exist; it is rather a by-product of the brain.
I have said that some fifty years ago, and I have elaborated on the subject in numerous books I wrote on the Anunnaki, Ulema and the afterlife.

Scientist and Nobel Prize winner, Dr. Francis Crick wrote: “The astonishing hypothesis is, that there is no soul. The soul is not more or less than the neural processes in our brain.”

Aliens do not talk about spirituality and God.

Contrary to a common and popular belief in ufology’s circles and New Age ideology, aliens do not talk about spirituality, the

saints, God, Jesus and other prophets.
But it did happen a few times, when some abductees asked the aliens about God, heaven, hell, the final judgment, reincarnation, and the return of Jesus Christ.
Aliens are not concerned with religious spirituality, for they do not have a religion.
An alien told us that the idea of God was created when the first quasi-intelligent beings discovered fire; the early humans called fire “God”.
Fire was the first god or supernatural power they worshipped, followed by the stars.

*** *** ***

Nobel Prize winner, Dr. Francis Crick

 .

He said: “There is no soul.”

On Jesus, the disciples and the four Bibles: One of the weirdest and unexpected things about what the aliens told an American archbishop sitting next to a famous scientist from Los Alamos laboratory at one of the early meetings with the extraterrestrials (The only meeting where and when a member of the Catholic clergy was invited to attend) was this: Jesus Christ did exist and made miracles; he had wisdom but he put himself into lots of troubles, really unnecessary.

They added, “we have a true account of his life that you should consider, and when we meet again we’ll bring you this account, that you might call it the true bible of Jesus Christ.” And they also said, that a-They use to watch Jesus; sometimes they could see him on their screen.
b-None of the four Bibles written by the disciples is in fact written by the disciples, because they were illiterate; they could not write and read, and understand ancient Greek.
Only the ruling class, the upper class of the society and highly educated people could read and speak Greek.
Jesus spoke in Aramaic, not in Hebrew. His disciples could speak only Aramaic, not Hebrew; only Judas was fluent in Hebrew and Aramaic. There were 2 languages there. But of course Jesus knew both languages. When he argued with the Rabbis he could use any of the two languages. But, his students could not.
The Hebrew was spoken few kilometers from where they use to live. And they did not know a word in Hebrew. So, don’t expect them to learn Greek, or to write in Greek; a language which was thousands of miles far away from their homeland. They were from the low social class.
c-The four Bibles are not authentic. And this is very sad for humanity because people can’t distinguish between the real preacher Jesus and the mythical one they created.
More than half of each version of the four Bibles is incorrect and distorted, copied and recopied several times over, and each time new stories were added, and old ones were deleted. That is why you see many contradictions in the Bible.

The Gnostics: The archbishop asked one of the Grays, “How about the other bibles used by the Gnostics?” And a Gray said, “Same thing, many stories were fabricated, but at least they got the most important thing right.”
Archbishop: What do you mean? What did they get right?
The Gray: Let me give you a few examples that you can easily understand.
a-The Gnostics said, Jesus is not divine; he is not the son of God, and, they got it right.
b-They said that Jesus did not die on the cross, and, they got it right.
c-The Gnostic books said that Jesus never came back from the dead, and they got it right also.

A world created by an evil god:
And the most important thing about all this, the Gray’s added, was when they said that the world (they meant Earth) and what has happened and what is still happening on Earth is not created by a good God but by an evil God; the devil himself.
The Grays explained that part of this belief is correct because Earth is where the lowest life-forms and brutal species live. Galactic civilizations think Earth is a dumpster.
This part is correct.

What they got wrong is that Earth and its people were not created by evil and a vicious god, or by the devil himself, but by the Universe itself. And, all those bad things happening in your society, nowadays, and in the past as well, are because of your genes which were created by the Anunnaki.

Your final product was shaped in their image.
They should have said in the image of the Anunnaki, not the devil or an evil God, and they should have said (Repeated twice by the Grays) that the evil human race was created by the evil Anunnaki.
Archbishop: So you think the Church is dancing on the wrong foot?

The Gray: It is because of the Church and Organized Religions that your people never knew the truth.
Archbishop: Do you believe in God?
The Gray: According to the way you understand what God is or who he is, each Universe has its own God.

The military men at the meeting got so bored.
The military men at the meeting got so bored and upset with the archbishop's questions, because they didn't come to speak about Jesus, God, and such topics; their interests were strictly in military areas, weapons and such.
And the General who was in charge of the meeting told the archbishop to stop asking this kind of questions.

The archbishop, who was furious, like an Irish apple, was so engrossed in his line of questioning that he simply insisted he maintains the control of the floor and continued, with the final blow. But that wasn't the only blow; the more he listened to the demands to stop, the more his face grew flushed, to the point that he couldn't control his flagellations; one after another, the questions weren't the only things he kept firing – it came from both ends.
The Lt Colonel sitting next to a two star General said, "Please sir, this is the time to fire your pipe and by all means blow it in my face. This guy (Meaning the archbishop) is killing me."
At that point, the room had been stinking like a cemetery.
And the whole time the Gray's sat there- unaware that there was a problem.
The archbishop was expelling like an old Ford T model, and kept on gripping a large gold cross that he wore around his neck, and rubbing it with a feverishly agitated motion, back and forth against his chest.
And the whole time, everyone was thinking what an interesting representation for a spiritual leader to demonstrate at one of the most important encounters with beings from another world, and an unprecedented meeting to ever occur in our planet's history.

And yet, across the table sat another very famous evangelist, who thankfully kept his dignified composure the entire meeting.

Who is keeping the Universe in order?

The archbishop asked the alien: Well if you don't believe in God then who is keeping the Universe in order, keeping it running smoothly like a watch?

The Gray: This is a very wrong example because a watch needs to be re-wound now and then. If you don't rewind it, it will stop and you would not have the correct time. This means that what is behind the Universe is somebody who is re-winding it constantly.

And constantly does not mean hand, eyes and big white beard.

It is some sort of energy in the Universe, you can't understand now; this energy keeps the fabric of the Universe in place, and attached to itself.

Years later, the aliens explained to us what they meant by the "universal energy" that keeps the universe functioning properly and in a synchronized order, since we didn't understand this concept in the 40's.

When the military once again met with the aliens in the early 70's, the aliens explained to us what they meant by the "energy in the Universe"; they called it the Dark Matter or Dark Energy.

Chapter 8

On aliens' technology, and aliens-United States joint black operations

_____

Note: Although the aliens' crashed spacecrafts were severely damaged, we were able to retrieve gadgets and tools from the interior of the crafts which were intact. A reverse engineering program began to find out how these tools functioned, but all efforts remained in vain for a very long time.
In addition to a whole team of military scientists from the Air Force and the Navy, three eminent civilian engineers working at a major research and development laboratory were contracted by the government. Years later, one of those civilian engineers was credited with the discovery of…which has changed our way of life, and understanding of science and optics.
Additional discoveries based upon alien technology gave birth to an avalanche of inventions and gadgets we took for granted.

Aliens Rewinding Time Technology: In 1957 and 1958, the Gray aliens told President Eisenhower about the rewinding of time technology. The military scientists and President Eisenhower did not believe it is possible, until the Grays "rewound the tape of time" to the point that the military were not only able to see a holographic projection of Jesus, but also to listen to his voice.
General Marshall was present at the meeting, and decided to ask the Grays if they could re-project an event that occurred in World War II, known only to General Omar Bradley, General Patton, General Eisenhower and himself.
He gave them the date and location of the event, and waited for the holographic projection. What they then saw was accurate

down to the very last detail. The Grays then went even one step further to reveal two letters within the holographic projection;
a) A speech to be given by Eisenhower in the event of a successful storming of the beaches of Normandy on D-Day, and
b) A speech to be given, in the event that D-Day landing was a failure.
The existence and contents of the two letters were known only to General Bradley and Eisenhower. Also projected were the six draft letters written by Eisenhower and his secretary.

Communication with aliens via a device: Using a device created by aliens, we were able to communicate three times with an intraterrestial community living on Earth.
Later on, the devise was confiscated by our scientists who tried unsuccessfully to unlock the secrets of its mechanism. (Note: The aliens gave us a set of 2 devices.) The devise stopped to work when the first alien passed away, and the second one stopped to send and receive messages, when a military scientist passed it under an X ray machine.
More on the aliens' device on the following pages.

Translation Signals Box (TSB): A machine the aliens gave us, which allowed us to respond to their communications and messages, during the first two meetings we had with them in a military base.

*** *** ***

Voice-Box, "VB": Circular metallic boxes, aliens used to communicate with us during the first two meetings that occurred in a military base.

*** *** ***

CTF (Transmission Channel): Originally “Channel of the transmissions frequency of aliens”. A device used by military scientists to receive messages from aliens. Ironically, this was coined by a sergeant, and not by a scientist!

*** *** ***

The Web: A network of underwater channels linking together intraterrestrial communities. They are used by the Grays.

The Net: The new name for “The Web”, the Navy and Air Force began to use in 1997.

*** *** ***

The Tubes: Name given to the underwater channels of the intraterrestrials. The tubes serve the aliens as linking channels to their habitats and bases.

VCP: Vortex Tunnel Weapon System.
The aliens called it the “Vacuum Continuum Path” (VCP). Through it, military troops can enter and exit another dimension. Fortunately, only the United States experimented with the VCP. It was also called the Grays’ Vortex Tunnel (GVT)

*** *** ***

GVT: Another name/code for VCP.

*** *** ***

The Vortex Tunnel: It was created by a group of daring avant-garde scientists, who obtained a government contract to develop such a weapon.
It is sometimes jokingly referred to as “The Straw”.

When activated (usually done in open fields in the American Midwest, away from farming and populated areas), an invisible

vortex opening that is about ten feet wide, sucks in, everything in its path, up to 500 feet in all directions.
This is only one of its functions. Its primary purpose is to do just the opposite – but to propel objects and people into an opening created by its operation that leads into another dimension very close to the one we live in.

The military has successfully sent some of its military personnel who volunteered for the experiment, and were sent through a vortex tunnel to another dimension and brought back.
Within close circles it is also referred to as the “TTT” or the “Tag Team Tunnel”
This team of six were sent through the vortex and were supposed to have returned within a matter of ten to fifteen seconds, but it took more than fifteen minutes.
When they asked the Gray who was working with them on this project, why the men had not immediately returned, the Gray laughed, at which point they demanded he goes through the tunnel himself to retrieve the men.
Within a few seconds, all six men and the Gray were back.
In the debriefing that followed, the six volunteers said that the dimension they were in was so close to ours, as to be able to see and hear one Major put a gun to the head of the Gray, saying “You better go in there right now buddy and get my men back!” The Gray laughed at him but returned with the six.
Apparently all Grays aliens are known to play tricks and games like these.
What did the men see, hear and feel in the other dimension so close to ours?
Well, they said that they saw a labyrinth of long corridors, and the only colors they saw were blue, light blue and light gray.
No other colors seemed to exist in the other dimension.
There was no sound or breeze, and they felt like a void filled with corridors.
The only sounds they could hear were those of the military officers and camera men behind them who were observing and filming the experiment.

Turning around to return to the room, the six volunteers said they encountered the most unusual invisible, intangible wall that would not let them come through to the physical world and dimension we live in. Try as they might, and as close as they were to the others, within inches of them in fact – and yelling and screaming to be let back in, none of the observing officers heard or saw them.
When the Gray went in to retrieve the six from that dimension, he had a device on his wrist that (he had withheld from the military) would be necessary for the men to return.
Upon stepping in, he grabbed a hold of the first man, and placed his other hand up to the invisible intangible.
The device on his wrist revealed a knob on the wall, which he turned and then told the men they could move forward. As the first man went through, to the second man standing right behind, it was as if he dematerialized to the width of a page in a "a flipped over book."
The wall of that dimension now became foggy, and the men were terrified of going through it, not knowing whether they too would be turned into sheets of paper that could be turned over as if flipping from one page to the next in a book. The Gray assured the men it was perfectly safe, and that was the only way to go back, so the men had no choice but to go through.
Within the void of that dimension, there would be no food, no water, no stimuli of any kind that the human body and mind is used to. "Whoever is sent there would go insane from sensory deprivation, whilst starving to death from hunger and thirst…" commented a military scientist.
This comment was documented.

The Straw: Another name for the Vortex Tunnel.

TTT: The military has successfully sent some of its personnel through a vortex tunnel to another dimension, and successfully,

they were brought back. Within close circles it is also referred to as the “TTT” or the “Tag Team Tunnel”.

WMS: Weather Manipulation System; introduced to us by the aliens. And it was used twice.
It created huge regional catastrophes and tsunamis.

*** *** ***

“The Spinning Mobile Satellite” (SMS): The mode of transportation down the underwater bases and within the base is called the “Spinning Mobile Satellite” (SMS). The Satellites are small crafts’ compartments.
From the surface, one enters a craft that looks like a silvery metallic spinning top, approximately 8ft in diameter, that can comfortably accommodate four passengers, and corkscrews its way downwards centrifugally around a rod using a form of magnetic propulsion for what seems to be a only a few seconds down to an unknown depth.
From the second underwater level on down, the “Spinning Mobile Satellite” (SMS) travels horizontally and reaches its final destination at an undisclosed level of the base at which it again dives into water. It is at that level/destination that you will find the habitat and work center of the Grays.

Mirta: An alien word for cold plasma.

*** *** ***

Mechanical English: English language verbally used by aliens to communicate with us.
It is based on scientific and technological terms and codes. It contains a larger amount of English vocabulary and expression.

*** *** ***

Call: In the aliens' language and/or expression, the verb "Call" means to communicate, and not to talk to somebody or to emit a vocal sound.
The aliens and extraterrestrials meant by "Call" a straightforward communication using mental frequency.

TD: A talking device used to communicate with aliens, given to us by the aliens.

Corridor Plasma and the Vacuum Tunnel: Corridor Plasma is an underwater cold plasma tunnel temporarily (Periodically) created, used and transported by the intraterrestrials (The Grays) to navigate underwater.
It is undetectable by satellites or any sonar system. It functions via a web of 17 tunnels, called by the military "Channels" and "Tubes."
The Corridor consists of a movable aquatic web of 17 underwater channels that links the aliens to their habitats, headquarters and communities. Starting in 1997, the web was referred to as the "Net", and the channels were called "Tubes".

Inquiring about the "Vacuum Tunnel", a scientist asked whether the tunnel can be measured, whether the tunnel is made from materials found on Earth, or whether the tunnel is created by the spacecraft itself, and could this tunnel be detected by us.
The alien answered that the tunnel could NOT be detected by us, or measured, because it is movable, temporarily used, it is not physical, and could not be detected by any sonar system.
Dr. Teller asked the alien about the "invisible" structure of the aliens' tunnel and what it consisted of.
The alien said, it is "Mitra" (Cold Plasma.)

I am absolutely sure that back then in mid 1948, none of our scientists understood or fully comprehended what a Cold Plasma was?! In 2010, I tried very modestly to explain this tunnel on the History Channel by describing it as “Corridor Plasma.”

The Grays Intraterrestrials Corridor Plasma: The Corridor Plasma was discussed numerous times in the Aliens Transcripts.
Corridor plasma is a term used to refer to underwater tunnels and passages created and operated by aliens to navigate the oceans.
By using these cold plasma tunnels, UFOs can accomplish extraordinary tasks, such as, to name a few: **a**- To reach an astonishing speed; **b**- To avoid sonar detection; **c**- To remain undetected by spy satellites; **d**- To enter and exit underwater bases.

The corridor plasma is movable and mobile, meaning that aliens can place the underwater tunnels, and displace them according to their needs, and “navigation chart”.
The tunnels extend to thousands of miles underwater, and serve as a web network for several alien underwater bases around the globe.

Map of the Japanese “Dragon Triangle”.

Their spaceships known as USO (Unidentified Submerged Objects) use the plasma corridors to navigate the oceans and seas. According to some, the “Corridor Plasma can be compared to a White Hole, where gravity exists no longer.

In the White Holes, the gravity as we know it becomes a reverse gravity. This phenomenon allows the alien spacecrafts to attain a mind-boggling speed.”

Some of these bases are located in: **a**- The Bahamas **b**- The Japanese “Dragon Triangle”

 c- The north side of the so-called Bermuda Triangle **d**- Alaska **e**- Florida

The Grays intraterrestrials (Aliens who live on Earth) are the inventors of this astonishing technology.

One of the most amazing aspects of this technology is the fact that the aliens' underwater crafts never touch the water.
There is a plasma shield surrounding the exterior body of the craft. We know that plasma produces extreme heat. And this heat can melt the craft.
But the aliens found a way to isolate the plasma heat from the body of the craft, by adding two layers of anti-plasma shields (Called Plasma Belt) to the exterior body of the craft.

Aquatic Plasma Corridors:
The Russians have a massive underwater base that was created in 1969, to study an extraterrestrial underwater navigation system called "Aquatic Plasma Corridors".
This corridor is undetectable by satellite, sonar or any other underwater detection system. Not all branches of the Russian Navy were aware of the creation/existence of this base.

Russians underwater encounter with aliens: During one of their naval maneuvers just outside the perimeter of this Russian underwater base, six frogmen from one of the Russian submarines encountered three alien frogmen in metallic suits underneath a massive metallic object.
Both the Russian and alien frogmen were roughly at a depth of one hundred to one hundred and twenty feet. The alien frogmen were wearing what appeared underwater, to be metallic suits of indeterminable and interchanging colors that morphed from a silvery white to bluish to grey.
One of the Russian frogmen stated that when he tried to approach these three, he was blocked by what seemed to be an invisible underwater force-field, created by the alien frogmen as a protection shield.
The Russian frogman's oxygen tanks started to fail and he quickly lost consciousness and started sinking but was saved by one of his fellow divers.
After being rescued, he described the alien frogmen as being 8ft to 11ft tall, as he saw them underwater. And none of them had

any visible oxygen tanks/breathing apparatus attached to them.
In the secret debriefing that followed, the Russian diver who saved his fellow frogman, said that when he too tried to approach this massive foreign submerged object, he encountered what felt like a solid transparent wall surrounding the object.
He later described it as an oval glass box, surrounding this mysterious submerged object which also shielded it from contact with the ocean's water.
After the fall of the Berlin wall, and ensuing collapse of the Soviet Empire, rumors started circulating within the military and scientific community, that this bizarre event was in fact a joint Russian-extraterrestrial operation designed to explore the effects of the underwater plasma corridor on its environment in the ocean, and on humans, as well as their psychological and psychosomatic reactions to encountering the corridor and seeing the alien frogmen and the ship itself.
Two decades later in Lake Baikal, other Russian navy frogmen encountered similar 9ft "silver swimmers" who also had no visible breathing apparatus. While these encounters are largely unknown to the general public, military scientists with top clearance are well aware of them, and have worked on similar projects in different underwater bases in the United States.

Joint humans-aliens operations:
These massive underwater military bases, whether they are Russian, American or Chinese, they look from the surface as rectangular/traditional compound structures.
However upon entering them underwater, they expand in all directions, and are extremely extensive. And all of them are joint human-alien operations.
Starting from the second underwater level, compartments are divided into large operation rooms, separated by elaborate long corridors, curving at 90 degrees every hundred feet or so, with doors that can drop down from the ceiling to seal off segments in the event of radiation leakage, or any matter related to internal security.

One of the interesting characteristics of these doors in the corridors is the circular porthole-like windows within what is a whitish metal of an extraterrestrial origin.
None of these metallic alloys are possible here due to Earth's gravity, and as such have to be done in orbit aboard the Space Shuttle. Interestingly enough, this technology has been shared by American, Russian and Israeli military scientists.
At one time, British and French scientists complained of being left out of the loop, to which the Americans responded very candidly "We don't trust Europeans – especially the French!"
To which the French retorted that they would withhold all information garnered from the Cassini-Huygens mission to Saturn.
An American three star general was quick to respond by saying "This is not the first time you Europeans have withheld information from us. Remember the Belgian incident?"

Mode of transportation down to the underwater base: The mode of transportation down to the underwater base and within the base is also fascinating.
From the surface, one enters a craft that looks like a silvery metallic spinning top, approximately 8ft in diameter, that can comfortably accommodate four passengers, and corkscrews its way downwards centrifugally around a rod using a form of magnetic propulsion for what seems to be a only a few seconds down to an unknown depth.
From the second underwater level on down, the "Spinning Mobile Satellite" (SMS) travels horizontally and reaches its final destination at an undisclosed level of the base at which it again dives into water. It is at that level/destination that you will find the habitat and work center of the Grays. (Previously mentioned)

The Radio Plasma Belt (RPB): A report referred to the RPB, created by the intraterrestrials to isolate earth from the universe. This belt can expand up or down, and can affect missiles, rockets, or airplanes, and blow them up. It explains

what has happened to various airplanes in Vietnam, and also to human spacecrafts and space missions.

Bioelectric extraterrestrial robots "B.E.R": Basically, the BER explored the possibility of using human-like robots capable of acting like human beings. These robots were intended to be used as replacement for the hybrids third generation, known to the public (Thanks to some colorful ufologists) as MIB (Men-in-Black).

The topic of bioelectric robots, called also astro-biolectric robots, is not often addressed by astrobiologists, however astro-geneticists in general have shown some interest in exploring this new field of study. Only ufologists are psychologically prepared to go one step further…and sometimes in the wrong direction!!

David Levy, an artificial-intelligence researcher at the University of Maastricht, explored the subject of robot-human intimacy in depth. His doctoral thesis on sexbots was developed into a book titled "Love and Sex with Robots", in which he explains that "the age of robot-human unions may be closer than you think."

He stated: "My forecast is that around 2050, the state of Massachusetts will be the first jurisdiction to legalize marriages with robots."

An almost similar aliens-robotics program involving humanoids-extraterrestrial robots began some years ago, under the auspices of an obscure intelligence agency, No! It is neither the CIA nor the NSA!!

Very few military scientists are aware of the existence of this program. It is Above Top Secret.

There is a most unusual project in avant-garde military-ufology referring to bioelectric extraterrestrial robots (B.E.R.) This black project program is still totally unknown to "Civilian ufologists".

BER started in September 1986 in two locations in… …; the first, at a laboratory operated by a leading university, and the second one in an underground facility.

Essentially, BER explored the possibility of using programmed human-like robots capable of acting like human beings, and using "Mechanical ESP."

One of the advantages of using these robots, is their EM effect on the human brain, particularly, while interacting with aliens and/or para-military's abductees, and tracking people who were used as "experimentation tools" in unauthorized mind control programs.
These robots unlike robots manufactured by companies to replace man-power tasks, move, act and communicate like human beings. They look like us, and in many instances, they show emotions, and ordinary human reactions. The Japanese and the Chinese tried on several occasions to steal their secrets.
The effects of EM fields on areas of the brain and particularly with people who are EH (Electrically Hypersensitive) can and does cause unusual neurological and physiological symptoms including: a- Distorted visions b- Hallucinations c- Fear d- Anxiety e- Being OOB (out of body) f- Unconsciousness g- Feeling of being touched and watched h- Seeing UFOs i- Encountering aliens
The external EM interferes with bioelectrical processes within very specific areas of the brain cortex.
BER and BER-MIB projects (Some call them programs) are not phantasmagoric ideas. They do exist!
Ufologists, almost guessed what was going on, through alleged leaks, but still, they have no clues.
By pure coincidence, author and ufologist Raymond E. Fowler vaguely guessed something about these bioelectric robots, when he talked about the Watchers (The Gray entities) and called them bio-electric robots.

The Aliens' Black Box: For many years, and in numerous countries, a great number of abductees reported on a mysterious and macabre "Alien Black Box".
Allegedly, it is a little black box, the alien abductors, (in some unspecified instances) show to abductees, point to it, and return to their spacecraft.

It seems bizarre, but unfortunately it did happen, according to very reliable contactees and abductees.
Allegedly, the little black box contains a live fetus of a hybrid entity (creature), which is part human and part alien Gray.
The aliens show the Black Box to their abductees, and point them to a small entity inside the box which resembles human beings; sometime, they are babies, and some other time, adult (Males and females). The aliens don't say a word.
They just open the box and display its content.
The intention of the aliens is clear: Look and see how we can duplicate you and create your replacement!
What the abductees see is essentially a holographic photo of their children; children they will give birth to, when impregnated artificially in the aliens' test-tubes.

Zooming into the past and jumping into the future: In modern times, zooming into the past did occur accidentally, during one of the phases of Project Serpo. The original Serpo team consisted of ten members – nine men and one woman. The woman was released from the team project when the military found out that she was pregnant, thus only the nine men went through the Stargate initially. They zoomed into the future, into the realm of three star systems outside our galaxy.
The plan was to have traveled to the Grays' Zeta Reticuli, but the stargate sent them somewhere else, for unknown reasons. The data entered to go through the stargate, had included seven planets that had atmospheres and climates similar to that of Planet Earth. The ship these men traveled in through the stargate was made for that trip by the Zeta Reticulan Grays.
Unfortunately, they did not end up in the Zeta Reticulan star system, and while stuck there, ran out of food and supplies, causing the death of three of the men. This catastrophic mistake could have easily been avoided, had one of the pilots been a Zeta Reticulan, as was suggested by the Zeta Reticulan Grays.
The military refused since they did not fully trust the aliens, and decided to go only with the two human pilots, who have been

trained on Gray ships for a period of just twelve months, in a secret base in Alaska.
The reason for taking the pregnant woman off the team, was due to the fact that had she given birth in another planetary system, and in another time/dimension, her son would return far older than his mother (perhaps by a hundred thousand years) and military scientists were not yet ready to deal with such situation. The reasons for this being that her baby's birth in another
There was no contact between Earth and the crew for three Earth years. A military scientist was told by one of the Grays that it had taken them (The Grays) only ten minutes to get there.
Upon the return of the surviving six team members, and before the project was completely abandoned, Carl Sagan suggested another attempt be made to go to the Zeta Reticulan system, this time using one of the Gray pilots, in a second ship that had been built for this mission, with three other members added onto Project Serpo.
For the record, the Zeta Reticulan pilot's name was Ramu.
Again, they went through the stargate, but this time were zoomed back in time and space here on Earth and into another dimension.
It was at this point that Carl Sagan pointed out to the military, how this technology could be used against the human race by the Zeta Reticulan Grays, having realized that both expeditions into the past and future were deliberate diversions on the part of the aliens.

BCB "The Aliens Compressor":
BCB: Acronym for the Black Conic Box, also known as the "Compressor". Insiders and scientists nickname the program, the "Gadget" and the "Compressor". The gadget consists of a small black cylindrical container, 1 foot in height by ½ foot in width. It is a movable (Mobile) device that functions without an

external source of energy. In other words, it works without an electric current, batteries, or any similar source of power.
It is neither electronic nor atomic.
It is programmable and re-programmable. It draws its energy from within. An internal cell located in the very inner circle of the cone emits an enormous amount of “sucking power” capable of absorbing, transporting, resizing, and condensing a large amount of contents and materials into the cone. The ‘sucked up’ materials can be anything, all sorts of things…the box can suck up everything you have in your apartment, absolutely everything, chairs, tables, furniture, your bed, your closets, your clothes and even your pets, melt them like ice-cream and boom, shoot them right in the box.
The “Sucking Power” of this device has the capability of de-fragmenting any object, and reducing it to any desirable size, density, format and weight.
This is based upon the fact, that everything in the universe is made out of molecules, and the density of the molecules dictates the nature, weight and size of any object, any substance, any matter in the world. By reducing, decreasing, increasing and/or altering the properties of molecules, any object can be reduced and/or enlarged either to the biggest or smallest desired shape, and consequently be transported to any destination, regardless of space, distance, and time.
The process can also de-fragment the molecules to a certain point, where the biggest object can fit inside the smallest possible container.

The BCB can destroy or confuse a person’s ATP (Adenosine Triphosphate), which is the energy coin of the cell.
When cells are destroyed, molecules and membranes die. The “Sucking Machine” de-regulates the transfer of energy and all sources of vitality from chemical bonds to your body absorbing energy called Endergonic, and causes destructive reactions in the cells.
The BCB can also be used as a “mental weapon”.
It controls everything in your mind and in your body. It creates new habits, and makes you addicted to “something you don’t

want in your life”. Because it empties your brain from all its contents, and put in (in your brain) new things, new information, new habits, new desires and new thoughts, the person who is operating the machine becomes your controlling master. In other words, you become enslaved by the Compressor.

Alien Technology, the USA, CIA, Bill Moore and Paul Bennewitz.

Note: I received the following questions from my readers.

Question:
Did the USAF and the CIA target Paul Bennewitz?
Did they send Moore to feed him wrong information?

Answer:
The CIA did not target Mr. Bennewitz.
At one point, Mr. Bennewitz began to talk too much about secret aliens' technology, allegedly given by the Greys to the United States Air Force.
The government reports on Mr. Bennewitz remain classified because they contain very sensitive and delicate information pertaining to national security. And I am not going to talk about it.
The USAF were seriously concerned about the statements and UFOs activities/research of Mr. Bennewitz, because he went so far and so deep. And he would not stop, for he was obsessed with UFOs and extraterrestrials.

Paul Bennewitz Bill Moore

The records show that Mr. Bennewitz has been hospitalized for serious and very severe mental disorders. He was admitted to

mental institutions on more than one occasion. I am not saying that the man is crazy, far from it.
He is extremely intelligent and brilliant in some areas, but unfortunately, he was fed with wrong information, and crazy ideas about aliens cooperating with military scientists in secret underground bases in Arizona and Nevada. Mr. William Moore has orchestrated the disinformation propaganda. And the CIA had nothing to do with it.
The whole idea came from a Lt. Colonel who was in charge of assessing aliens' technology and its implications on modern warfare at … … air base. And let the record show that the USAF did NOT pay Mr. William Moore for misleading and disorienting Mr. Bennewitz.
Mr. Cooper volunteered to do the dirty job. As a matter of fact, it was Mr. Cooper who approached the USAF and suggested the whole idea. Others have reported that Lt. Colonel … … was the first to entertain the idea of confusing Mr. Bennewitz.
Really it does not matter who first thought about orchestrating this disinformation operation, because at that time, and concerning specific matters, both Lt. Colonel… … and Mr. Moore were the first and only two operatives who circulated false reports about UFOs, their propulsion system, and their radio-electro-magnetic field; a subject of a great interest to Mr. Paul Bennewitz.

Project X-calibur, aliens' technology, Nichola Tesla, NSA and MJ-12.

Questions: Was Project X-calibur, a cryptology program created by the NSA? And for what purposes?
Is it a black operation?
Was it a joint program created by the NSA and MJ-12 to obtain technology from the extraterrestrials?

Answer:

I am not in a position to divulge/reveal information on Project X-Calibur, and/or any similar projects. The NSA has all the right, even the duty and obligation to conduct projects and programs deemed necessary to save American lives. And the NSA is doing just that!

The NSA cryptology department is an absolute necessity.

The NSA has nothing to do with the so-called MJ-12. First, ask yourself whether this MJ-12 stuff is real, or a silly and elaborate falsification by disinformers and “outsiders” ufologists who fell prey to hoaxers?

In the early fifties and mid-sixties, two parallel projects were initiated by the United States Air Force, in order to decipher and interpret aliens’ symbols found on gadgets retrieved from the debris of aliens’ spacecrafts.

These two programs were NOT of a black operation nature.

A paramount part of the research focused on the study of alien technology. MJ-12 were not in the picture.

The Greys did explain to our governments some of their basic “avionics technology”. Ironically and as it was expected, none of our scientists understood what the Greys were talking about.

In the mid-seventies, some of the aliens’ codes were partially deciphered; a reference-manual was created for that purpose.

This manual is only known to those who have above top secret clearance.

It is my honest belief that the general public should not have access to this manual, for national security purposes.

Just imagine the consequences, if the reference-manual and other delicate/sensitive information/data on these projects fall into the hands of the enemies of our country!!

At the very end of the administration of President Harry Truman, military scientists and researchers at civilian labs in the United States and a small group of cryptologists from England and Poland who during the Second World War worked on deciphering the codes and mechanism of the German Enigma machine began to develop a lexicon based on alien symbols and signs.

In mid-September 1958, during the administration of President Eisenhower, rumors in the military milieu began to circulate that Nikola Tesla had a large notebook which contained numerous

extraterrestrials symbols, codes, and “geometric forms” that corresponded to many of the symbols, the military have found on aliens’ gadgets. Tesla’ notebook was confiscated by the FBI, and a copy of Tesla’s notes, footnotes, and illustrations was sent to the CIA. The NSA was NOT part of this.

The Neutron Bomb: Also called an "Enhanced Radiation Weapon", the ERW or Neutron bomb is a type of thermonuclear weapon.
An ERW is any weapon used to magnify radiation production, beyond what is normal for an atomic device. The research on this weapon system started in 1956, reached its peak in 1958, and is generally credited to Samuel Cohen (the self-proclaimed neurotic), of the Lawrence Livermore Laboratory, who was a protégé of Edward Teller – the father of the Hydrogen Bomb. The purpose of this weapon is to destroy every living biological life form, without destroying infrastructure.
Every human and living thing will die, and the area can be captured, taken over and moved into after about a month.
The Neutron bomb is a tactical weapon, developed specifically to release a very large portion of its energy, as highly energetic nuclear radiation, to harm biological tissues without causing nuclear fallout.
Two types of the Neutron Bomb: The AGM-114N, also referred to as the "Plastic Neutron Bomb". It causes this most excruciating and painful death, because it releases a massive amounts of

free neutrons, and breaks down the molecular structures of all living biological things, that basically hemorrhage to death.

Unlike heavy elements such as cesium, uranium and plutonium that cause nuclear fallout and have very long half-lives, neutron particles will be absorbed in a very short time, rendering no lasting damage to subsequent life forms after a period of a month or so.
The Neutron Bombs were intended to deliver a dose of 80Gy, to produce immediate and permanent incapacitation.
However, one significant drawback of this weapon is that not all targeted troops will die, or be incapacitated immediately. From ground zero and up to 1,000 yards away, most every living thing will be totally incapacitated within minutes, and physiologically will become the most miserable creature imaginable, with blood exploding out of every orifice in its body.

Further out than 1,000 yards, many of those hit will experience a brief bout of nausea, followed by a temporary recovery, known as the “walking ghost” phase, lasting days to weeks. These victims will be aware of their inevitable fate, having witnessed those who had died the most agonizing death imaginable.
Neutron bombs are expensive to make and maintain, due to the relatively short half-life of Tritium (12.3 yrs). The Neutron-Oxygen bomb (according to the blueprints provided by the Grays), does not produce any explosion, heat, fire or sound, or any infrastructural damage.
It specifically targets the brain and respiratory system. Once it is dropped, every living thing that requires oxygen to breathe will be asphyxiated.
The data on the volume of air, and extent of the atmosphere affected by this bomb, is still being kept top secret. However an experiment to this effect was conducted on a remote island in the Pacific Ocean in the late 1950’s. A small airport facility was built, with perishables and livestock placed on the island.
After the bomb was dropped from the aircraft, the pilot said he observed what appeared to be an umbrella looking that momentarily opened and then closed back down on itself.

No smoke, no fire and no sound were seen or heard from the detonation of this bomb.
Other military saw it differently, describing it as if it looked like a large fishing net being thrown over an area into the water, then disappearing. To date, this weapon has not been used on any human civilian population, or military troops in any country.

Chapter 9

Scientists who collaborated with aliens and/or worked on alien reverse engineering

---

For the record:
The list of scientists (In various fields) who were/are involved with the alien phenomenon is endless.
The list encompasses military and civilian men and women of science whose names were never publicly acknowledged. Some were/are Nobel Prize winners, others hard-working technicians and researchers at laboratories of major companies and leading universities.
Probably you will never know who they are and what they did, simply because of the secretive nature of their work, which is essentially monitored and entirely controlled by the military and intelligence agencies.
This is the way it should be. And that's fine with me.

In many instances, those people were assigned tasks, they never realized that they were closely associated with aliens' gadgets and extraterrestrial technology.
Early American scientists who worked (Roughly from 1947 till 1962) on fiber optics and some laser projects never knew that the material they were holding in their hands and/or looked at, via instruments and complex screens, were of an extraterrestrial and/or alien origin; some of the gadgets were either retrieved from crashed alien spacecrafts, or obtained from intraterrestrials (Grays) who willingly gave our military specimen of their mind-bending technology. Yes, it did happen!

It is estimated that:
1-In Nazi Germany: More than 2,000 scientists and engineers from Germany and other European countries were involved with some sort of Super Flying Machines, ranging from the RFZ 1

(Rundflugzeug 1), the Bell-UFO, the Horten 229, to the Orsic’s UFO.

Rudolf Schriever

In 1950, Rudolf Schriever, a highly respected German engineer told Der Spiegel magazine that, he had designed a 49 feet in diameter circular flying aircraft.

Schriever also claimed that a BMW’s engineering team designed and manufactured one of the first Nazi UFO prototypes.

In the fifties, he joined the German-American scientists’ team working in the United States.

2-In Russia/the former Soviet Union:

From left to right: Mikhail Gurevich, Artem Mikoyan.

From 1946 to 1949, the Russians were extremely interested in the German Bell-UFO and alleged Nazi- extraterrestrials “Super Flying Machines” supposedly designed by SS top scientists and visionaries from “Thule-Gesellschaft” the “Thule Society”, the “Vril-Gesellschaft” (Vril Society), the "Brüder Des Lichts", the “Schwarze sonne" and the “Vrilerinnen”. And of course, Joseph Stalin received numerous reports on the German medium Maria Orsic, founder and leader of **“**Vrilerinnen”, and her alleged direct contact with extraterrestrials from the Aldebaran solar system.
This is an absolute fact; the original German sketches of the super flying machine and other circular and crescent-shaped flying discs were seized in Germany by a special military task force created by General Dwight Eisenhower, 6 months after the end of World War Two.

So everybody, Americans and Russians, British and Polish, French and Italians have heard rumors about German UFO, and luckily for us, our armed forces in Germany, at the end of the Second World War, put their hands on Germany's secret files on UFO, the RFZ 1 (Rundflugzeug 1), the Horten 229, and several anti-gravity projects carried by Germany's top scientists.

This is documented in:

- a-United States naval intelligence files;
- b-OSS's files (Precursor to CIA);
- c-British Secret Service (MI6) files;
- d-General Dwight Eisenhower Special Task Force reports, And other classified sources, I will not talk about.

As soon as the Red Army captured Berlin, the Russians began looking for Germany's top military scientists, and particularly those who worked on the V1, V2, and projects related to UFO. The Red Army captured 657 German scientists and shipped them to Moscow. A few weeks later, they were sent to military bases and laboratories scattered in several Russian cities.

My sources tell me that:

- a-15 German scientists died before they began to work on any project related to UFO and similar programs;
- b-345 German scientists were immediately deployed in secret locations;
- c-32 German scientists were smuggled outside Russia (To Austria and Switzerland) by Allied forces secret agents and spies, and some ended in the United States and Great Britain;
- d-100 German scientists became leading figures in the Russian space programs, avionics, weapons systems, and instrumental in numerous space and rockets programs under the leadership of eminent Russian scientists and engineers like: Artem Mikoyan

Mikhail Gurevich
Sputnik's Sergei Korolev Sergey Aleksandrovich Afanasyev
Mikhail Tikhonravov

Worth mentioning here that: Prof. Robert Dopel Andrei Sakharov

Igor Kurchatov
Played an instrumental role in the Russian early study and research of alien reverse engineering.

 e-And the rest of them were unaccounted for.
Nobody knows what happened to them.

I was extremely amused by some ufologists and radio celebrities' claims which aggressively stated that Germany's top scientists and SS top brass, who jointly worked on the Bell-UFO and other anti-gravity machines, flew their flying saucers to other planets.

Rubbish!

Nothing of the sort happened; some escaped justice by hiding in South American countries, some were killed and their bodies were never found, and others were captured by the Russians.
In addition to the German scientists, no less than 1,500 Russian scientists and space engineers worked on UFO projects.
Worth mentioning here that all the efforts of the German-Russian UFO team remained in vain. No Russian UFO was ever produced.

3-In the United States:

More than 13,000 persons (Men and women, Americans and Europeans) in the United States of America were/are involved somehow, in some manner and/or in a certain capacity/role with scientific projects closely related to alien technology. Those who are fully aware of this are not talking for obvious reasons.
And those who are not aware of what is going on, are fascinated by the nature and complexity of the projects they are working on, but are not talking either, simply because they don't know what this tool or that gadget is supposed to do, where to be shipped, to, where it came from, and how it must be assembled.
Why?
Because each project is never completed in its entirety on one location, and by the same team.

Nevertheless, few of them leaked to "outsiders" extraordinary information on extra-ordinary projects and unique tasks they were assigned to. Some told the truth about the complexity of their work, but many exaggerated beyond belief.

The bottom line:

- **a**-Alien technology has become a vital part of an ever expanding scientific research by the military; **b**-Scientists in high position are not talking; **c**-Handful of technicians and middle to low level researchers and personnel, including guards, security guys and even military vehicles drivers have said something and/or leaked something to friends and to the media, but it did not take them long before they regret it. And basically what you have heard from them is either exaggerated or distorted.

Bear in mind that no UFOs military secrets (Top Secret, and Above Secret) are easily leaked to friends, buddies, paramours and media people, even though, it is hard to believe that it is impossible to keep a secret for a very long time, especially when it is closely related to extraterrestrials.

The truth is YES, the military can keep a secret, “very secret” for decades, and in some instances for ever! One perfect example is the UFO phenomenon.

Thousands of books were written on the subject, and zillions of theories invaded the Internet, and fueled debates in the ufology’s circles, yet, not even one single physical evidence about UFO, their mode of operation, mechanism, propulsion systems, joint programs, Black Operations, etc., has ever been “captured”, and presented by an ufologist.
All what we hear (So far) is assumptions, accusations, gossip, cover-up stories and conspiracies theories.
UFO secrets will always remain secret, and don’t ever expect to know the whole story. Perhaps in 2021, you will know the whole story, but no before!
Fortunately and thankfully, I had a unique access to some vital information about aliens spacecrafts and some extraterrestrial species, and because the information and reports I put my hands on, did not constitute a breach of contract, an act of treason, or a threat to national security, I felt safe to share with you *some* of the information and knowledge I was privileged to acquire, and/or have access to.
A great amount of the material I am herewith providing in this book was found in “personal notes and thoughts” of scientists who worked in the field. I will be mentioning some names. But I will not reveal the names of scientists who are still with us.
In the United States, hundreds of German scientists worked on UFO projects and operations, under the leadership of Dr. von Braun and Dr. Herman Oberth.

Keith Glennan Tom Kilburn (From England) Warren R. Austin Werner Kuers

Note: Albert Einstein, two German scientists who are still around (They worked with Viktor Schauberger), and a young brilliant scientist (Still alive) who worked with the late Karl Schapeller, had plenty of time and opportunities to go through the files of the Aliens Transcripts.

In 1948, we heard that Rudolph Schriever joined the scientists' team, although some colleagues have claimed that Schriever never participated in any project, simply because he died that year in Czechoslovakia. My sources tell me that they were wrong. Schriever was very much alive and kicking.

In 1951, Alberto Fenoglio, joined the team.

Twenty years later, Dr. Carl Sagan, and Dr. Frank Drake were added to the roster.

From left to right: Dr. J. Allen Hynek, Dr. Jacques Vallee.

At one time, Dr. Hynek tried to have access to the Aliens Transcripts and the Pentagon said: NO!
He worked for the United States Air Force´s project Blue Book as a consultant astronomer. At the very beginning of his assignment, he called those who reported UFOs sightings “kooks and Crackpots.”
In 1973, in Illinois, he co-founded the Center of UFO Studies with Dr. Vallee. The same year, he admitted that UFOs are real. The government was very upset by his lectures on UFOs, and federal authorities became very interested in his independent research, lectures, publications and public statements. Finally, he came clean, but it was a little bit late.

First laser transmission hologram, by Emmett Leith and Juris Upatnieks, in 1964, but originally conceived and developed in 1948 by Dennis Gabor (The 1971 Nobel Prize Winner), who was one of the leading scientific advisors to the military, and who has elaborately commented on the Aliens' Transcripts.

Note on three major discoveries based on alien technology

a- The cellular communications: The cellular communications were based upon technology given to us by the aliens, which helped Bell Laboratories develop the first mobile telephone.

b- The transistor: The prototype of the transistor (Created in late 1947, and perfected to a certain degree in 1948) by Bell labs. The aliens did not get any credit for it, instead, three scientists from Bell Laboratories received the Nobel Prize for their scientific discovery!

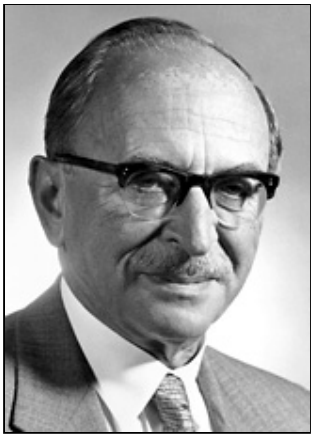

Photo: Inventor Dennis Gabor.

Born in Budapest, Hungary, on June 5, 1900, and died on February 8, 1979.

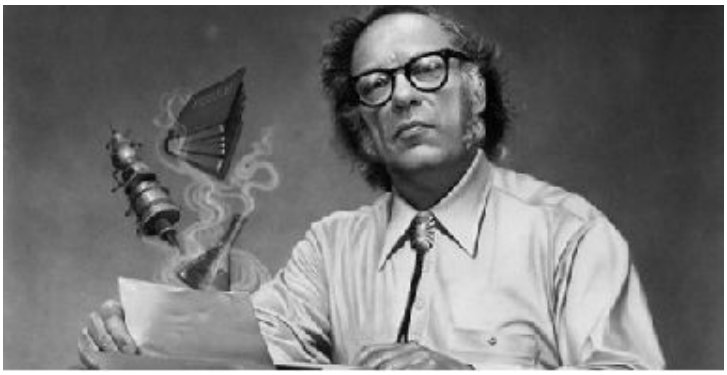
He was a major scientific link between the aliens' technology and the military.

In 1972, he admitted that he had much unfinished technological work on his hands, and part of it was closely related to alien reverse-engineering.

c-The laser:

The Laser", developed by Bell, was based upon aliens' technology. Bell was (and still is) one of the first, principal and major military contractors.

Just read between the lines, what Arthur L. Schawkow, the 1981 Nobel Prize Winner for Laser Spectroscopy, wrote: “When the first lasers were operated, I and other scientists close to the research were surprised at how easy it turned out to be. We had assumed that, since lasers had never been made, it must be very difficult. But once you knew how, it was not at all difficult. Mostly what had been lacking were ideas and concepts.”



Isaac Asimov

Isaac Asimov coined the terms “Robots”, and “Robotics”. And very few know why and how he came up with these two terms. But scientists and military men who were involved in dealing with aliens know very well, when, how and why, Asimov came up with these terms.

From L to R: Major General John Barclay, Dr. Von Braun. Barclay reviewed segments of the Aliens Transcripts.

The Clergy _____

Two very influential American Catholic Archbishops were instrumental in shaping the non-disclosure policies about the UFOs crash near Roswell and dissemination of information about the existence of extraterrestrials.

Both were Archbishops of New York.

2-Terence James Cardinal Cooke.

Reverend Billy Graham

Reverend Billy Graham was officially consulted by two American Presidents on extraterrestrials' affairs, nature, and encounters. Billy Graham shared the opinions of the Catholic prelates and recommended that the aliens' question should not be discussed publicly, and any pertinent information should be handled in utmost secrecy, fearing public's mass hysteria.

Politicians, Heads of State and Officials

An unauthorized copy of the Aliens Transcripts was sent to Pope Pius XII, Abba Eban (Member of the American Academy of Sciences. Israel's Deputy Prime Minister, Minister of Education and Culture, Minister of Foreign Affairs) and to David Ben Gurion (First Prime Minister of Israel).

Dag Hammarskjöld's (UN Secretary-General 1953-61) request for a copy of the AT was turned down by the military.

Abba Eban, Pope Pius XII and a German community in Argentina and Brazil

A few weeks following a very important meeting with the Grays "Greys" rumors spread the word that unauthorized copies of the transcripts were sent to Abba Eban, Pope Pius XII and a German

community in Argentina and Brazil. It was alleged that an Catholic archbishop supplied the Vatican with one set of the transcripts, and Jewish scientists who previously worked at Los Alamos and were present at the meeting, sent another set with a translation in Hebrew to Israel, and two protégés of Dr. von Braun sent a massive file to remnants of Nazis in South America. I have no proofs or any evidence to substantiate these claims and rumors. But one thing I am absolutely sure about; The Library of the Vatican and the archives of the Observatory of the Vatican have an extensive library on extraterrestrials and their visits to Earth, and a duplicate copy of the Aliens Transcripts. Cardinal Bertolli knew a lot about this, and confirmed it to me.

On President Truman’s motives, intentions and mode of operation

_____

Truman, Eisenhower and George Bush Sr. were vividly interested in the aliens’ question; they played a major role in creating a

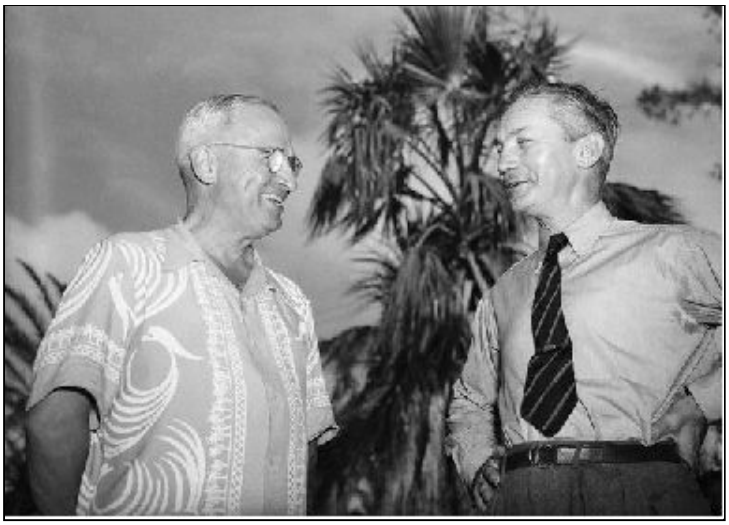
protocol and procedures on how to initiate and conduct investigations, and gather information about the aliens.
President Truman and President Eisenhower allocated huge secret budgets for aliens' studies and UFOs research.
Truman, Eisenhower and George Bush, Sr. are considered to be the most knowledgeable presidents on matters related to aliens, the Grays in particular, and UFOs.
Eisenhower remained extremely interested in aliens, UFOs and extraterrestrial technology, and how it could be used militarily. President Truman by the end of his presidency lost interest in UFOs and aliens, who once he called "Space Monkeys"! But did he?

There are quite a few top secret Presidential memoranda signed by President Harry Truman, President Eisenhower and President Nixon, which gave full authority to an intelligence agency to disseminate information to confuse, disorient and misinform the Soviet Union.
In one of President Truman's memoranda, a reference was made to the aliens' influence and total control over strategic military points that could cause embarrassment to the United States Air Force, Navy and Army. The President ordered that these subjects should NOT be made public, communicated to the armed forces, and shared with other agencies.

Truman Okayed operations to uncover and investigate anything and everything related to aliens' existence on Earth.
He informed an intelligence agency to gather everything they could find, here and abroad and create a file (Dossier). And the President specifically informed the agency that he is NOT interested in reading their reports and learning about their findings. (One of his deceptive tactics!) He gave the agency carte blanche, with unlimited authority and power. He also authorized the agency to solicit the help of foreign agents, if necessary. The agency did.
Russian operatives and British agents worked for the agency.
The agency recruited four former British code breakers, who cracked the code of the German Enigma Machine at the signals

intelligence center at Bletchley Park in England.
In fact, two scientists from Poland were the first to unlock the complicated mechanism of Enigma, and decipher its codes, not the Brits. Alan Turing, was one of the first British code breakers who joined the agency efforts to learn more about aliens symbols and codes. On more than one occasion, the President told the head of the agency not to bother him anymore with UFO and aliens stuff. And he made it clear to him, that nobody, no other agency, no one, not even the Air Force should know about this. In other words and simply put, they had to report to nobody, no one! Director of the FBI, Edgar J. Hoover and the military found out and were pissed off.
Later on, when the Pentagon and Air Force became heavily involved with UFOs, and took over the whole thing, Hoover wrote to them and asked to be permanently informed. In one of his letters he precisely showed an interest in the recovered dead bodies of three aliens. The military ignored his request, and he went berserk. But somehow, Hoover got some very important documents from the intelligence agency.

Although President Truman gave full authority to an intelligence agency to take care of the aliens' business, secretly he created his own committee to oversee what the agency was doing.
It is very ironic, because in a previous memo, and during a verbal communication with the director of the agency, President Truman made it clear that he is NOT interested in reading the reports and findings of the agency on UFOs and aliens (Space Monkeys!) In fact, it is not so ironic, if you know a little bit about the character of President Truman.
He did it and said it on purpose, so he would and could legally and "honestly" deny any knowledge of the aliens, and UFOs. He was protecting the "integrity of the office of the President of the United States." Later, it was found out that President Truman's intention was much broader.



From left to right: President Turman, Defense Secretary James V. Forrestal _____

He wanted to set the foundation of isolating any politician, any senator, any congressman, including future presidents from knowing anything about UFOs and aliens.

The man did not trust anybody! His last communications with the director of the agency would occur exclusively in the Oval Office, and only Marshall was allowed to be present. Defense Secretary James V. Forrestal was barred from all meetings.

On May 22, 1949, the ousted Forrestal committed suicide at the Bethesda Naval Hospital, Maryland, USA. He was “quarantined” on the 16th floor suite, for psychiatric evaluation and care. Report on his death as issued by the hospital stated that he jumped from a window in the 16th floor hall. A very close associate of his, said they killed him! The Secretary was taken by force to Bethesda Naval Hospital, on order from President Truman. And around the clock, 4 MP were guarding his room.

A polite way to say, he was under a constant watch, not for his own safety, but to make sure that what is was “planned” will be carried out without interference and suspicion. Many believed Forrestal was the first official victim of UFOs/Aliens Cover-up. The Transcripts did not make any reference, or referred to the suicide incident. However, insiders could not keep their mouth

shot, frustrated, they spread the rumors that hired operatives from… … killed him and threw him from the window.

Former President George Bush Sr. was and still is one of the world's most knowledgeable persons on the subjects of extraterrestrials.
President Bush was the Director of the Central Intelligence Agency from 30 January 1976 to 20 January 1977.

On President George Bush Sr.:
Some passages taken from official reports but never mentioned in the Aliens Transcripts, clearly indicated that President George Bush Sr. is one of the most knowledgeable persons on the subjects of extraterrestrials, alien abduction, and their spacecrafts. President Bush had a direct access to the Aliens Transcripts, Top Secret and Above Top Secret reports, studies and testimonies from civilians and the military (Army senior officers, air force commanders and pilots), and other semi-official and governmental agencies.
While serving as Director of the Central Intelligence Agency (CIA), President Bush gathered and reviewed the world most detailed and documented reports and findings on aliens'

spacecrafts, their technology, and extraterrestrials, including their interactions with a few human beings.

President George Bush files on UFOs and extraterrestrials are nowhere to be found. But they DID exist!

It was never the intention of the CIA to mislead the general public on matters and issues related to alien technology, the UFO phenomena, and other pertinent subjects. Misleading was NOT the CIA objective. The CIA quite rightfully and legally withheld delicate information on these subjects because revealing such information and declassifying files will absolutely jeopardize national security, the safety, and sanity of the American people, as well as many people around the globe.

It was not the CIA which decided to keep the UFO question an Above Top Secret matter, but two powerful (Former) Presidents, and an extremely influential committee/panel consisting of Archbishops, the nations' leading scientists, and commanding generals from the army and the air force.
